**Round 6 IT'S THE LAW**

Given a brief summary of a law and its originator, name the person associated with it

1a	<i>"Work expands so as to fill the time available for its completion"</i> A British naval historian and author who became something of a management guru figure (1909-1993)	Cyril Northcote <b>PARKINSON</b>
1b	<i>"For every action there is an equal and opposite reaction"</i> Third of three laws proposed by a British scientist and mathematician 1634-1727	Isaac <b>NEWTON</b>
2a	<i>"The electric current through a conductor between two points is directly proportional to the voltage across the two points."</i> German physicist and mathematician, 1789-1854	Georg Simon <b>OHM</b>
2b	<i>"The number of components in an integrated circuit will double every two years."</i> American electronics engineer and businessman, b. 1929, still alive at time of setting.	Gordon <b>MOORE</b>
3a	<i>"At the same temperature and pressure, equal volumes of gas contain equal numbers of molecules."</i> Italian scientist, 1776-1856	Amadeo <b>AVAGADRO</b>
3b	<i>"The pressure exerted by a given mass of an ideal gas in a closed system at the same temperature is inversely proportional to the volume it occupies."</i> Pioneering Anglo-Irish chemist, 1627-1691	Robert <b>BOYLE</b>
4a	"Galaxies recede from an observer at a rate proportional to their distance to that observer". American Astronomer, 1889-1953	Edwin <b>HUBBLE</b>
4b	<i>"The orbit of a planet is an ellipse with the Sun at one of the two foci."</i> One of three laws on planetary motion proposed by a German mathematician and astronomer 1571-1630	Johannes <b>KEPLER</b>
Spare	<i>"Non sunt multiplicanda entia sine necessitate"</i> - "Entities are not to be multiplied without necessity" - a law that expresses a preference for a simple explanation that fits the facts over a more complex explanation, attributed to an English Franciscan scholar 1285-1347	William of <b>OCKHAM</b> (or <b>OCCAM</b> ) - a.k.a. <b>"Occam's razor"</b>

## Round 7 PLANES AND PLACES COME TOGETHER

A mixture of geography & historical British warplanes. Each aircraft pictured has a name that includes the name of a town or city. You are told the letter identifying the picture along with a short spoken question that gives a clue to that place name. For example: Picture A. "A city since 1937, it plays host to a pub quiz league now in its 50th year." Answer Avro LANCASTER

1a	Picture C. Granted city status in 1992 it has a great football tradition. The birthplace of English internationals Jordan Henderson and Jill Scott and home to the Roker Roar for a hundred years.	Short <b>SUNDERLAND</b>
1b	Picture G. Granted city status in 2002, this one-time national capital is a famous gateway. A nearby bridge saw a battle between two nations in 1297 and a monument to the victor of that conflict towers over the battle scene.	Short <b>STIRLING</b> (The monument is the Wallace memorial)
2a	Picture L. A prosperous wool town, where theft of anything valued over 13 1/2 d (old pennies) could once have led to summary execution by beheading using a device that predated the guillotine by 500 years that also bears the town's name.	Handley-Page <b>HALIFAX</b>
2b	Picture B. This East Riding town in the Humberside region is the birthplace of Conservative MP Andrea Jenkyns, who won the seat of Morley and Outwood from shadow chancellor Ed Balls in the 2015 election. It is also famous for its minster and its racecourse.	Blackburn <b>BEVERLEY</b>
3a	Picture K. A rural French town roughly 110 miles north of Paris that was the scene of much bloodshed in the First World War. Captured by the Germans in 1914, a nearby ridge was the subject of a major offensive by Canadian forces in 1917 in an action that is commemorated with Canada's largest war memorial.	Vickers <b>VIMY</b>
3b	Picture L. Located on the River Witham in the East Midlands it has both a Norman castle and a Norman cathedral that was reputedly the first building to be taller than the Great Pyramid at Giza.	Avro <b>LINCOLN</b>
4a	Picture I. A national capital city a little over a century old, built as a compromise after two established cities both vied for the title. Its name is said to derive from a native language word for "meeting place", though a more colourful origin could plausibly be a similar word for "cleavage", given the city's setting in a plain between two mountains.	English Electric <b>CANBERRA</b>
4b	Picture D. The most remote capital city of any sovereign state.	Vickers <b>WELLINGTON</b>
Spare 1	Picture E. The anglicised name of a Bavarian village, the site of a battle in 1704 in the War of the Spanish Succession, is also the name of a spectacular dwelling for the victorious Duke of Marlborough paid for by a grateful Queen Anne.	Bristol <b>BLenheim</b>
Spare 2	Picture F. A small town in the south of England, named for an event that changed the course of English history. The event took place by the abbey there one October 14th, but it is forever associated with a larger town about ten miles to the south east.	Fairey <b>BATTLE</b>
Spare 3	Picture H. A style of loose-fitting trousers that were fashionable for a spell from around the end of World War I up to around the end of World War II reportedly took its name from the oldest university in the English-speaking world.	Airspeed <b>OXFORD</b>

**Round 8      GENERAL**

1a	In the UK Bull Huss is a species of what family of fish?	<b>SHARK (accept Catshark or Dogfish)</b>
1b	Found primarily in the Congo basin Bonobo are mammals also known as Pygmy what?	<b>CHIMPANZEES</b>
2a	Who is the Secretary General of United Nations?	Antonio <b>GUTERRES</b>
2b	Who is the President of The Republic of Ireland?	Michael <b>HIGGINS</b>
3a	In which modern country was the artist Paul Klee (pronounced <i>Clay</i> ) born?	<b>SWITZERLAND</b>
3b	In which modern country was the composer Franz Liszt born?	<b>HUNGARY</b>
4a	In colonial times this African city was known as Leopoldville, what is its current name?	<b>KINSHASA</b>
4b	Similarly, in colonial times this African city was known as Lorencó Marques, by what is it known today?	<b>MAPUTO</b>
Spare	In British times it was known as Madras, what is its name now?	<b>CHENNAI</b>

In the RAF's centenary year, this round is a mixture of geography and historical British warplanes. Each aircraft pictured has a name that includes the name of a town or city. You are told the letter identifying the picture along with a short, spoken question that gives a clue to that place name. For example: Picture A. "A city since 1937, it plays host to a pub quiz league now in its 50th year." Answer: [Avro] LANCASTER. The place name is all that is required.
